Additional information: Due to the owner retiring, this is an excellent opportunity to purchase one of the best powder coating businesses in SA. With a reputation for quality and service, and years of expertise allow us to provide top of the line services required to meet the demands of our clients.

With over two decades of experience in powder coating, offering a pick-up and delivery

service to selected clientele, enforcing green working procedures and fully licensed by the Environment Protection Authority.

A large solar powdered workshop with custom plant and equipment, featuring a 5-step chromate bath system to comply with Australian Standards 3715:2002 and 1580:2004, which we test for every year. Boasting a 7M natural gas oven and 3 booths allowing for multiple colour processing at any one time. We are currently painting up to 40 colours per day, allowing our customer base to re-order in high quantities, as there is a continuous delivery schedule.

Also included in the sale is a fully compliant and licenced garnet blasting unit, which is housed in a 20 foot shipping container. This allows us to offer a complete service for the restoration market, and as we are currently the only business in the southern area that do garnet blasting, the blast only customers are growing all the time!

The business currently

employs six well trained staff to assist the working owner.

Experience is not essential, but current owner is willing to assist the new owner during transition, if required.

To suit either an owner/operator or integrated with an associated industry. However, the business also has the ability to be operated under management if the buyer is looking to purchasing as an investment.

Form 2 and other financials are available on request.
